

SURE EDGE®

# Sure Edge®

## Highlights

- Urethane-based, water-resistant protectant seals top edges and helps prevent warping.
- 13 fade-resistant Virco colors to choose from.
- For cafeteria & classroom tables, student desks and combos.
- Applied without gaps or seams, keeps top edges from trapping food particles.
- Won't flake or peel.

Virco's durable, water-resistant Sure Edge® forms a seamless, chemically bonded seal that prevents food particles from lodging in table-top edges. As a urethane-based sealant that's applied with an innovative anti-bacterial process for extra cleanliness, Sure Edge won't peel or flake; it even resists fading when exposed to direct sunlight. For years, we've offered Sure Edge as an option on our mobile cafeteria tables. But now, in response to customer requests, we're offering an array of TEXT™, 8700 Series and 4000 Series table models with the Sure Edge finish. In addition, selected combo units and student desks from our Metaphor®, 9000 Classic Series™, 785 Series and other product lines with 18" x 24" high-pressure laminate tops are available with Sure Edge. Table, desk and combo models from product lines mentioned above are Greenguard® certified when ordered with a Sure Edge finish; please consult your current Virco price list for the availability of specific models.

The Sure Edge finish comes in 13 eye-catching colors: Adobe, Apple, Blueberry, Cucumber, Eclipse, Forest Green, Fusion Maple, Moonstone, Navy, Purple Iris, Red, Squash, and our standard Black. Extended lead times apply to colors other than Black.

For more information or to contact your local sales representative call Virco at **800-448-4726**.

## Applications

Tables, desks and combo units with Virco's Sure Edge finish provide great furniture solutions for your campus. Whether you choose it for your cafeteria or your classrooms, Sure Edge delivers long-lasting, moisture-resistant protection in a rainbow of colors.
